Nashville, TN 37205
Education Skills Lab
6th Floor

Life Planning Facilitator Certification is designed for professionals such as social workers, nurses, clergy, and physicians and others involved in assisting patients and residents in making end-of-life treatment decisions.

Purpose: To improve the effectiveness of the Life Planning Facilitator Certification program through facilitation skills training.

Course Objectives

- A. To identify the importance of Advance Care plans
- B. Identify skills to assist in making informed end-of-life treatment decisions to include CPR, limitations on treatment, time-limited trials, and comfort care
- C. To identify the right discussion at the right stage of life
- D. Identify techniques to create an Advance Directive & POST document that accurately reflects an individual's treatment decisions
- E. To develop the skills to distinguish and explain the difference between Advance Directives, the role of the Healthcare Agent and the POST form.

Prerequisite

Completion of Life Planning Facilitator Curriculum. The pre-course component includes articles, regulations, and Videos to help you learn basic end of life concepts and to come to the course prepared for a more robust classroom experience. Upon completion of the modules, you will be able to download a contact hour certificate.

The term "certification," as used in TELP's educational programs and products issues a certificate upon fulfillment of the following elements:

- 1) *completion of a specified TELP educational program with standardized content and processes;*
- 2) *successful demonstration of skills associated with the specified program; and*
- 3) *An 80 percent or higher score on written examinations associated with the Pre-course materials and Role Play Presentation.*

The Life Planning certification programs are not credentialed by a national accreditation body.
